

Personnel

*At **P2 Offshore Consulting**, we pride ourselves on providing the highest quality of service at competitive rates giving our customers the ability to achieve their goals on time and within budget.*

Our customer base encompasses small business through to multi-national industry leading offshore companies, including many of the key suppliers within the subsea telecoms, oil & gas and renewable energy sectors. Our customers know that they can rely on us to offer a fast and accurate response to their needs. Using our innovative skills search software combined with our in depth knowledge of the industry we are able to find the right candidate for your role, often within very constrained time frames.

All personnel can be hired out on a project based daily rate, which is inclusive of all comprehensive insurance for working overseas and onboard vessels. In addition to this we also provide security and travel advice and obtain the necessary visas and permissions for the specific country of work. Where applicable, personnel hold BOSIET, ENG 1, UKOOA, Norwegian and Danish survival certification for offshore work worldwide.

P2 Offshore Consulting provides 24 hour coverage and has access to around the clock travel agency, enabling us to support the customer no matter where in the world and in which time zone their project is based. With over 800 experienced and qualified personnel in our database, we can offer a wealth of resources to find the solution you require. We specialize in contract personnel, but can also supply on a permanent basis.
